## MOTORCYCLE ACCIDENT RECOVERY

**The Law Offices of Justin G. Morgan, P.A.** recently made a recovery of \$110,000.00 for a client injured in a motorcycle accident. Our client was on his motorcycle when he was sideswiped by a vehicle. The vehicle driver involved in the accident tried to blame our client for causing the accident, accusing him of careless operation of his motorcycle.

Once **The Law Offices of Justin G. Morgan, P.A.** was retained, immediate action was taken to secure statements from witnesses to the accident. The witness statements were favorable to our client and contradicted the accusation of the vehicle driver, who caused serious injuries to our client.

When presented with the conflicting witness statements, the insurance company for the vehicle immediately offered to pay the \$100,000.00 bodily injury policy limit. Our client also had a \$10,000.00 underinsured motorist's policy, and our client's insurance company refused to pay the claim and policy limit for unstated reasons.

**The Law Offices of Justin G. Morgan, P.A.** filed a complaint with the Florida Department of Financial Services alleging the insurance company was acting in bad faith. Immediately upon receipt of the complaint, the insurance company agreed to pay the \$10,000.00 underinsured motorist policy.

Dealing with insurance companies can be very difficult. It is likely that you may find that the insurance company is hoping you will accept a lesser amount than what may be actually due. At our firm, we are very experienced in dealing with insurance claims. An attorney can cut through the red tape when it comes to getting what is fair in your case. Due to our experience and personal attention to the details of each case, **The Law Offices of Justin G. Morgan, P.A.** was able to secure a \$110,000.00 recovery for our client. This recovery was the best possible outcome for the client.
